

SUMMARY

Senior Frontend & Shopify Developer with 6+ years of experience building high-performance, conversion-focused eCommerce solutions. Delivered 30–40+ custom Shopify stores end-to-end, improved page load speed by up to 60%, and consistently shipped 6–8 projects per year for international clients.

Deep expertise in Shopify Liquid, Online Store 2.0, custom theme architecture, and Shopify app UI/UX. Known for pixel-perfect execution, performance optimization, and technical leadership, including mentoring developers and driving scalable solutions. Experienced with AI-powered development workflows (GitHub Copilot, Cursor, ChatGPT) to enhance productivity and code quality.
